

### Shrinking City on a Molehill

*“American myth ...  
anti-intellectual  
cult of ignorance*

*democracy means  
my ignorance is as good  
as your knowledge” -- quote\**

anti-science makes  
this banana republic  
great again, eh Trump?

rotting from within  
shining city on a hill  
its sheen fading fast

expats seek true home  
as Lady Liberty weeps  
Rome fell, inside job

\* Isaac Asimov, PhD, professor of biochemistry, writer of science fiction, humanist
