

**(How To) Be Here Now**

Zen's classic dictum  
slips through comprehension's grasp  
*how* to Be Here Now?

sun's lush evening glow  
nature's splendor before me  
Here's savory feast!

but mind flits away  
stale souvenirs distract me  
Now's warm dish grows cold

this luscious moment  
spoils untasted on the vine  
a pearl before swine

this fading sunset's  
opportunity wasted  
arch-goal: Be Here Now
