

Did You Get My Note?

did you get my note?
I've not received a reply,
so I'm wondering ...

are you just busy?
is it lost in your junk mail?
was it unwelcome?

should I send again?
is your computer unplugged?
are you sick or hurt?

am I rushing you?
or are you a thoughtless boor?
if only I knew

if you're wondering
if this haiku's about you,
it probably is
