

How MTI Got Its Website

A Life-snippet

I'm falling behind
last guy without a website
tech is marching on

renting mailing lists,
printing flyers, licking stamps
—buggy-whip business!

poured another cup
at Sunday's breakfast table
where to go from here?

the best sites are taken
I need a home on the web
think outside the box!

triple entendre:
"mediationworks" dot com
holy eureka!

Setting: At home with Susan in Prairie Village, Kansas, 1996

Image: MTI's website and its contents were acquired by Eckerd College in 2012
