

Natural Art

deliberate piece
made by human hands, I'm told
is all art can be?

what of this rainbow?
breeze whispering through tall pines?
waves lapping ashore?

rose's heav'nly scent?
fresh-picked apple's godly taste?
nature's creations

what role plays beauty?
paint-drop splatter on canvas
art-ness escapes me

what of artful words?
spawn beautiful ideas
I like this haiku
