hail, winter solstice!
northern earthlings' shortest day,
axis' greatest tilt

let us celebrate
our Neolithic forebears'
Sun God's next rebirth

or Stonehenge pagans'
Alban Arthan, Korochun
—noble traditions

Hanukkah, Christmas,
Roman Saturnalia's heirs
suit latter-day tastes

or, let us join hands
around godless Festivus
—be kind and have fun!

Solstice sunset, 12/21/2020, Sarasota
