

Skin Therapy

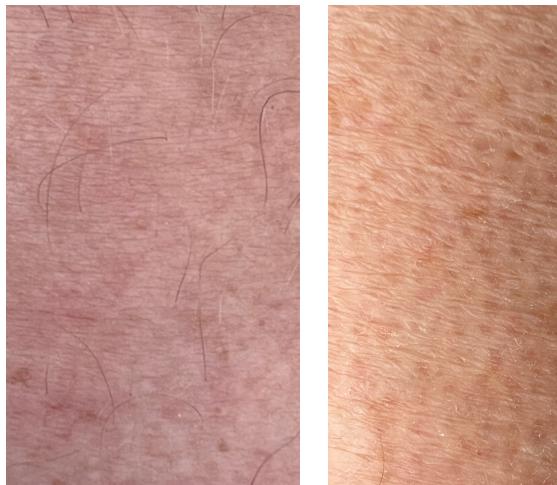

grief overwhelms you
no good answers can be found
no words sooth your pain

can nothing be done?
am I helpless to help you?
must you just endure?

skin therapy heals
we lie together naked
skin-to-skin-to-skin

my skin feeds your skin
you absorb love through your pores
no talk, no action

our bodies soaking
in pure animal essence
therapeutic balm

Dan Susan

Patches of skin that often touch each other, communicating somehow
