### No Van Gogh

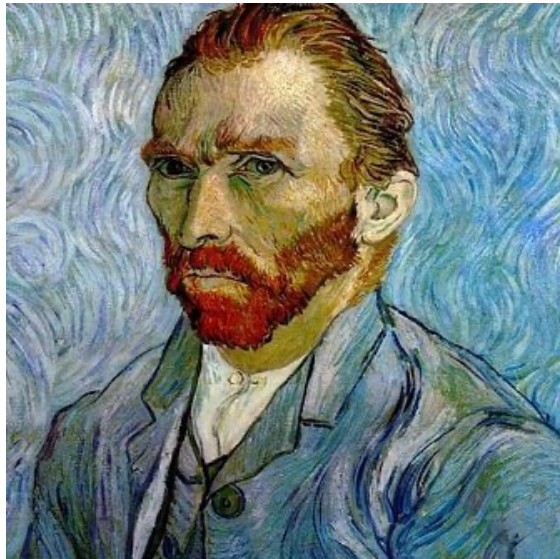

I am no Van Gogh  
painting with oils on canvas  
his muse sang through him

mine comes at sunset  
or in my morning shower  
at curious times

Vincent had talent  
far beyond my meager skills  
I dare not compare

impressionism  
on a different canvas  
is our only link

he did not succumb  
to his critics in his day  
nor do I in mine

I audaciously describe my art as “poetic impressionism by curious wordcraft.”
