### Until My Next Haiku

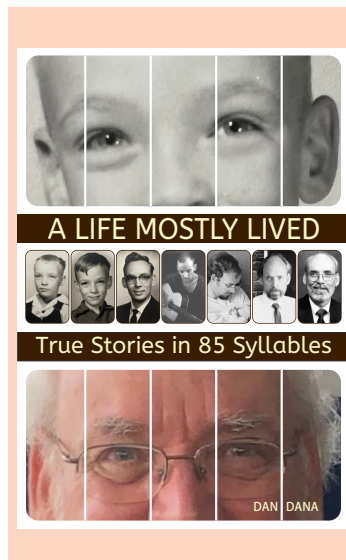

life's horizon nears,  
I've kicked my can down the road  
two generations

years or decades more?  
I may live another day,  
but brute fact remains:

my checklist of done-that's,  
once carefully curated,  
must fade from time's blog

vain fantasies dwell  
in skeptics' void afterlife  
—memoirs' tattered myth

legacies die, too  
I sigh in meek surrender  
... 'til my next haiku

A supplement to my 2022 haiku memoir is in preparation.
