

## Nihilism's Cure

the world is so big  
the universe is so grand  
I am so tiny

time is infinite  
history spans forever  
my life is so short

systems fail their task  
I see, care, but cannot do  
I am powerless

I am but a drop  
in the Sea of Existence,  
insignificant

but I can watch, awed,  
in the company of friends  
'til my movie ends
