

Maestro de Pelo

best haircut ever!
brain surgeon's keen precision,
scissor artistry

every fleeing hair
found hiding caught mid-escape,
promptly guillotined

wild unruly beard
sculpted to near-perfection,
subduing Nature

my shaggy old friends,
retired in shorts and T-shirts,
won't even notice

it's a crying shame
his exquisite work of art
was wasted on me

Luis Enrique Robles Garcia, peluquero
Puerto Vallarta, México
