Game Set Match

Putin's smarts trump Trump's
spycraft's his deep specialty
not a fair match-up

Project Sixteen's win
Kremlin's epic victory
handler's shrewd game plan

how? — foul dirt on Don?
secret agent mole recruit?
useful idiot?

that was practice round
lessons learned for Twenty-four
get it right this time?

snared pet on a leash
all roads through Trump lead to Vlad
game, set, match … we lose
