

### Invited Back?

was I a good guest?  
did I say thanks for her  
warm invitation?

did I compliment  
her beautiful furnishings  
during the home tour

the expansive view  
was pleasing to my senses  
in every way

the fine meal she served,  
delicious start to finish,  
but dessert was best

am I in good stead?  
will I be invited back  
to her next party?
