

**Annular Eclipse  
UAE, 26 December 2019**

this image settles  
any debate about art  
in photography

not simply data  
on bland objective display  
beauty overwhelms

conjures emotion  
delight, curiosity  
stirs humanity

my haiku-study  
of art's myriad platforms  
baby-steps forward

if my puny words  
could match this photo's power  
I'd be an artist
