

Moral Cul-de-Sac

Homo sapiens' evolution led into moral cul-de-sac, forcing impossible choice:

(1) Pacifism — Aggressors rewarded. Militarists glorified. Populace pawns suffer. Hitler-style solutions enabled.

(2) War (failing diplomacy) — Boy soldiers condemned to battlefield hell. Innocents bombed. Weapons proliferate to arm nationalist leaders.

Consider (3) Ethical antinatalism, voiding personal futures.

Entrance to Birkenau
