

Ask a Roman

Comfortably seated inside this metal tube powered by 50,000 thundering horses, zooming at unnatural speed over silent clouds at impossible height above dirt. 5000 miles in 10 hours. Inconceivable! Just yesterday, we traveled at walking pace, never far. What impossibilities might tomorrow bring? Progress reverses. Modernity collapses. Ask a Roman.

Part of a series chronicling a journey from Buenos Aires to Barcelona, March 2026
